

The “Belt and Road” Vocational Education Water Resources and Electric Power Alliance

Notice on the 2nd China-ASEAN International Competition Water Resources and Electric Power

To all participating institutions and units:

In order to promote high-quality development in vocational education, build a high-level talent team in water and power, cultivate high-quality technical and skilled talents in water and power, and promote the exchange and cooperation of water and power talents among universities in China and ASEAN, Guangdong Polytechnic of Water Resources and Electric Engineering and the “Belt and Road” Vocational Education Water Resources and Electric Power Alliance are jointly hosting the 2nd China-ASEAN International Competition on Water Resources and Electric Power. The relevant matters are hereby notified as follows:

I. Organization and Management of the Competition

A competition organizing committee will be jointly established by Guangdong Polytechnic of Water Resources and Electric Engineering and the “Belt and Road” Vocational Education Water Resources and Electric Power Alliance, which will be fully responsible for the organization and management of the competition. There will be sub-committees for the competition, responsible for the comprehensive management, organization, coordination, and specific work related to the competition.

International Competition Divisions (5):

1. Malaysia
2. Cambodia
3. Thailand
4. Indonesia
5. Laos

II. Competition Events and Content

This competition is a team event, with each participating team consisting of 3 contestants (including 1 team leader). Each team should invite 1 faculty member to serve as the instructor. The competition will adopt an online format, consisting of two parts:

1. Promotional Poster Design
2. Water and Power Knowledge Quiz

III. Contestants

Contestants will be students from higher education institutions or vocational colleges in countries along the “Belt and Road” such as Malaysia, Cambodia, Thailand, Indonesia, Laos, as well as domestic institutions from China.

IV. Implementation of the Competition

(a) Registration

Registration Deadline: 18th November 2024

Each participating team must consist of 3 contestants, with 1 as the team leader, and should invite 1 faculty member as the instructor. There are no registration fees. Each team should fill out the attached registration form (*Registration Form for the 2nd China-ASEAN International Water Resources and Electric Power Competition*) and include 2-3 group photos.

Submission Method: Teams should compress and send the registration materials through the website or to the intladmin@eduicccm.net. The folder should be named “**Country + Institution + Team Name.**”

(b) Original Promotional Poster Design

Submission Deadline: 25th November 2024

Each team should design an original poster based on the theme “**Promoting Peace through Water, Protecting Water Resources,**” reflecting concepts of sustainable development of water and hydro power resources. Each team should submit 1 piece.

Poster Requirements:

1. Size: A3 (landscape or portrait).
2. Format: Hand-drawn (sketch, watercolor, oil painting, comics, etc.) or digital (using software like CAD, Photoshop).
3. Electronic files: JPG format, with a minimum longest edge of 5000 pixels, and file size greater than 4M for clarity.
4. Creation Explanation: Each team must provide a written explanation of their poster, including the region and institution, team member names, inspiration for creation, and intent, with a word count of 300-500 words.
5. Submission Requirements for Posters:

i. Submission Content: Electronic poster image (in JPG format) + creative description (in Word document).

ii. Poster Requirements: Must be an original work, and must not plagiarize others' works or infringe on copyright. If a submitted work is found to violate someone else's copyright or contains any inappropriate content, the entry will be disqualified. Any liability for intellectual property disputes shall be borne by the participant.

iii. Submission Method: Same as registration. Teams should package and send the above materials to the designated email, with the folder named “**Country + Institution Name + Team Name + Work Title.**”

(c) Water and Power Knowledge Quiz

Competition Date: 28th December 2024

Location: Online platform

This section will consist of questions related to “World Water Day,” covering water and hydro resources, water environment, water ecology, and water conservation. All questions will be objective, including multiple-choice and true/false questions.

(d) Awards

The final score for each team = (Promotional Poster Score × 50%) + (Average Score of Water and Power Knowledge Quiz × 50%). Awards will include first, second, and third prizes, with certificates issued based on final scores: first prize (5%), second

prize (8%), third prize (10%). An award for “Outstanding Instructor” will also be given based on the performance of the participating teams.

V. Contact Information
